Professional Profile

Cleaning Supervisor looking to secure a junior front-end developer position to use and further develop my ability with HTML, CSS and JavaScript languages in a practical and fast-paced environment. I am currently studying for a diploma in Full Stack Software Development with Code Institute. My career goal is to assume a role which allows me to further develop my skills with a reputable software focused organisation.

I am looking for a new challenge and an opportunity to utilise the knowledge and skills I have gained in my current supervisor position and my recent studies. I am a quick learner and am confident and agile and able to adapt to changing situations.

Core Skills

- Training & Development
- Organisation Skills
- Customer Service

Education: Diploma in Full Stack Software Development, Code Institute. Credit-rated by the university of the West of Scotland. (September 2022 - September 2023)
